Giant Records "went missing"

Their records were damaged altered or went missing and this happened globally. The powers that be were able to coordinate their efforts to make them DISAPPEAR from recorded history. When their bones are dug up the authorities remove them "where abouts UNKNOWN."

The Bible defines the as the hybrid sons of "the gods" or as the Nephilim. They were babies whose DNA had been altered in uteral by "the gods" who engaged in rape, cloning and artificial insemination practices.

I do not have the knowledge to tell you who removed these records but it was not the "butcher, baker or candy makers" and my uncle didn't do it either.
